BEHAVIORAL EXPECTATIONS FOR STUDENTS

During our trip, we will have many opportunities for learning and fun. However, we must keep in mind that we are representatives of our school and state, and should act accordingly. As participants in a school function, we will follow the rules outlined in the Student Code of Conduct throughout our trip. Students should pay particular attention to the following rules of conduct.

Prior to our trip, these behaviors are expected:

1. Students must follow all classroom and school rules.
2. Students must be courteous and respectful to others.
3. Students should not talk and socialize inappropriately during class.
4. Students must bring all materials to class and stay on task.

Students not living up to these expectations may be removed from participating in the trip at any time between now and the departure date for the trip.

During our trip, the following rules will be very important to the success of our trip:

1. Students are expected to follow the instructions of their leaders, other chaperones and Music USA Festival staff.
2. Students are required to use the buddy system during the trip and report any problems to a chaperone.
3. Students will not bicker with each other or argue in any way with leaders or chaperones about what is to be done.
4. Students must think “safety first” at all times.
5. If the bus company allows food and beverage, students should always be neat with their food and beverage items, picking up crumbs, cleaning up spilled beverages. No gum on buses. Keep the bus clean by putting trash in the trash receptacles provided.
6. Common courtesy and proper manners at all times.

On the bus or plane – talk and play games quietly. If using a cell phone, use head phones.

Remember the driver – he needs peace and quiet to move you safely. Be neat in the bus restrooms there will be others after you. —

A lot of hard work and planning has gone into this trip and I want us to enjoy the results of our efforts. Your cooperation will make this trip the best it can be. Please sign this page and return to lead teacher.

CHAPERONE EXPECTATIONS

Thank you so much for volunteering your time to assist us on our great adventure. Although there will be many fun times to be had during our stay, there will also be times when we will have to work together as a team in order to make sure our schedule runs smoothly. Below, you will find a list that outlines the specific times that you will be called upon to assist our group during our trip.

1. Chaperones will be placed in charge of a small group of students during the bus rides to and from, and will monitor their group to ensure proper bus behavior and to make sure all students return to the bus before the pre- designated departure time. Chaperones are responsible for their personal behavior and the behavior of the students entrusted to them while on the bus. Everyone should talk and play quietly. The driver needs to be able to concentrate on driving. Most bus companies allow food & drink on the bus as long as it is handled neatly. Have the students pick up any crumbs, mop up any beverage spills and put all trash in designated receptacles. Ask the driver where he/she would prefer trash kept. Be neat in the bus restrooms. No gum on the buses.
 2. Chaperones (in pairs) will share an adjoining room with a group of four students (depending on school requirements), and will assist in securing students in their rooms for the night, as well as monitoring noise levels in the student's room(s). Check rooms for damage and forgotten items daily and especially at check-out.
 3. Chaperones will monitor students during free-time at the hotel, especially those students using the pool facilities.
 4. Chaperones will be placed in charge of small groups of students at each of the attractions and will be responsible for monitoring their group during all seminars, workshops and free time.
 5. Chaperones will be placed in charge of small groups of students during free time and will be responsible for designating check-in times for the students to report to the chaperones. Chaperones should be in the general area of the attractions so that students may find them in case of emergency.
 6. Chaperones will be expected to act as role models for students. Chaperones are not to indulge in alcoholic beverages of any kind, mind or mood altering substances whether legal or illegal.
 7. Chaperones may be called upon to perform other duties as deemed necessary by circumstance.
- *Reminder: Chaperones, this trip is for the students, not an adult getaway or family vacation. It is vital for you to maintain a positive attitude and support the group leader at all times in front of the students. Discussion or differences of opinion should be held in private.

I understand and agree to follow the above guidelines. Please sign below and return.

Students will be asked to stay on the bus as the Director(s) is shown the facility. Please have your musical scores ready for staff to collect. (Do not forget to list any soloists playing during the selection.) We suggest that you designate a head chaperone to collect the music scores after adjudications as well as to collect and sign for any tickets for the event, dinner and/or Awards Ceremony.

Warm-up and performance times are different when performing at Universal Orlando®. The maximum time for all Choirs is thirty (30) minutes. This includes warm-up, set-up and performance. Warm up and performance both happen “on stage” at Soundstage 33. A mini-clinic will follow if time allows.

Directors are advised to acquaint themselves with the restraints and responsibilities set forth in the Federal Statutes governing copyrights.

Clinics

An important feature of the Music USA Festivals adjudication program is our mini-clinic which is provided to each choir, jazz ensemble, orchestra, and concert band by one of the adjudicators at the conclusion of the group’s performance. The purpose of this clinic is to provide the adjudicator with an opportunity to discuss and rehearse the group on any areas of weakness and to reinforce the strengths of the group. We strive for a positive learning experience. Please inform your escort, however, if you desire to forgo the clinic. Also, please note that clinic time may be sacrificed or shortened if you exceed the warm-up and performance time limit. Clinics are not provided for soloist, dancers, guard groups or marching bands.

FESTIVAL INFORMATION (continued)

Directors, students, and chaperones must understand that "entertainment" is not provided at the facility site. The purpose of the festival is to provide an enriching musical experience. When students are not performing or warming up, please have them quietly and courteously watch other group's performances. They are not to enter or exit, however, during the actual adjudication performance.

GENERAL INFORMATION

CHURCH SERVICE

Because we use a large number of hotels in different parts of the host cities, it would not be beneficial to quote specific churches and service times. It is recommended that the director make these arrangements prior to arriving in the host city through their home town church directories or the Chamber of Commerce in the host city.

MEDICAL

It is suggested that each director have a medical permission form for each student in the group in case of emergency treatment. This parental permission is required by all hospitals for any treatment to a minor.

RULES

Curfew hours and smoking privileges will be established by individual school officials. Drinking of alcoholic beverages and use of drugs by students and adults is strictly prohibited.

TRANSPORTATION

All transportation needs will be the responsibility of the director or school unless prior arrangements have been made with Music USA Festivals. Please be aware that transportation costs are not included in your program package plan and additional costs will be incurred. Regardless of who sets up motorcoach transportation, make sure that an itinerary has been sent to the bus company at least 2 weeks in advance, and ask your bus company for a 24-hour emergency number. Also, make sure the bus company has maps and directions to your events. It is the bus company's responsibility to know the location of sites before they leave for the trip. Chaperones will be asked to monitor the behavior of students and any damage to the coach will be the school's responsibility.

ANNUAL PASSES

Tickets to participate in or observe a Music USA Festival must be purchased from Music USA, through their school. Each Music USA ticket purchased will include a wristband to assure admittance to the Soundstage and the Awards Ceremony. Wristbands are not a ticket for admittance to either park. No one will be admitted to the Festival or Awards Ceremony without a wristband.

The only ticket purchase exception concerns Annual Pass holders who will be allowed entry to the Festival and the Awards Ceremony and receive a wristband if they meet the following criteria:

- Only Annual passes will be accepted. NO on-line tickets, military tickets, AAA tickets or any other discount tickets will be honored for Festival or Awards Ceremony entry.
- For student participants with annual passes: We must receive a copy of the annual pass clearly showing the name of the pass holder.
- For accompanying adults and children with annual passes: We must receive a copy of the annual pass clearly showing the name of the pass holder.
- Student participants with annual passes will pay a fee of \$75.00.
- Adult/family attendees with annual passes will pay a fee of \$40.00.
- The above copies must be received in the Festival office six weeks prior to the Festival

Please call your coordinator if you have any further questions.

HOTEL AND MEALS

Hotel and meal assignments will be sent out separately once payment in full has been received. Meals are usually scheduled at your assigned hotel whenever possible unless the hotel does not have a restaurant large enough or cannot accommodate your school for other reasons. In this case, a restaurant will be assigned in the proximity of the hotel.

If desired, additional meals or nights of housing can be arranged. Prices for any changes or any additions will be quoted upon request.

All hotel accommodations are based on quad occupancy for students and double occupancy for adults. Single and triple room rates will be quoted upon request. On the Hotel Rooming List Forms, please list the students by groups of four and the adults by groups of two. If staying in a suites property, students will be six to a room. It is important that these forms be completed no later than 45 days prior to the festival. Please send one copy to the MUSIC USA FESTIVALS office, and keep one copy for your records.

HOTEL CHECK-IN PROCEDURES

It is always a good idea to phone the hotel approximately one hour prior to arrival so that hotel personnel can properly prepare for a smooth check-in. This is especially important if your arrival is going to be ahead of or behind schedule.

Thirty (30) days prior to departing for the festival, please call MUSIC USA FESTIVALS with your final count of participants. All group rooms will be pre-registered, and the director must verify the final actual number for any additional participants or rooms used which were not reflected in your final count.

HOTEL CHECK-OUT PROCEDURES

It is recommended that chaperones or room captains check all student rooms upon check-out to be certain that no personal belongings are left behind. Be sure to look under beds, on balconies, in bureau drawers, in closets, and behind shower curtains. These are the most common places where items are overlooked. Please be sure the room captains return all keys promptly at check-out.

Additional hotel expenses such as phone calls charged to rooms, room service, damage charges, etc., incurred by members of your organization must be paid to the hotel prior to departure. Failure to do so will result in direct billing by the hotel to your school.

EARLY CHECK-INS, LATE CHECK-OUTS

Check-in and check-out times must coincide with each particular hotel's policy unless otherwise allowed by special arrangement. Normally, groups are required not to check in before 4:00 p.m. on the day of arrival and must check out before 11:00 a.m. on the day of departure. Mornings are a very busy time for hotels. Guests are checking out as late as possible, and housekeepers

HOTEL AND MEALS (continued)

have the huge responsibility of thoroughly cleaning all rooms in time for the next guest's check-in. As a result, most hotels are hesitant to guarantee rooms ready for early check-in, especially for groups who need a large number of rooms. Quite simply, it is a logistical problem.

In instances where groups are forced to arrive early and students are tired from riding all night, most hotels will try to make some rooms available for changing clothes until the remainder of the rooms are ready for occupancy. Whenever possible, though, we recommend timing your group's arrival to coincide with check-in times, which are after 4pm.

ROOM ASSIGNMENTS

MUSIC USA FESTIVALS realizes that the location of your group's rooms in a hotel is very important. As a general rule, visiting groups prefer the following considerations.

1. Rooms should be blocked together as closely as possible.
2. Girls' rooms and boys' rooms should be separated by floors.
3. Chaperone rooms should be placed on each end of the string of rooms. They should also be interspersed among student rooms. Please indicate on room list where you want adults by placing them in the order you prefer and putting an * by all adult names.
4. Avoid using ground-level rooms or ones with two entrances.
5. Be aware of how rooms are situated in proximity to exits, elevators, and staircases. Always place an adult room within full view of such exits.
6. Accompanying parents or friends who are not chaperones should be placed in a different locale in the hotel other than near the student rooms.

Hotels used by MUSIC USA FESTIVALS are very experienced in hosting student groups and are well aware of the above considerations and try to cooperate whenever it is logistically possible. Yet, this is an area where MUSIC USA FESTIVALS always "gets caught in the middle." Very few, if any, hotels are in a position to pre-assign actual room numbers far in advance due to a number of continuously changing factors in the reservations department. Quite often, a reservationist will know in advance which wing or floors will be used for the group, but the actual assigning of room numbers cannot be done until the day the group arrives. The individual who charts hotel rooms has a very complicated job with a great deal of pressure--especially during the high-occupancy spring months.

If the hotel's room assignment is not suitable, the director can assign specific students to specific rooms upon arrival. MUSIC USA FESTIVALS will be happy to pass your requests concerning room assignments to your hotel, but we cannot exert undue pressure on them.

AWARDS

The awards and trophies presented by MUSIC USA FESTIVALS provide an incentive for the students in the various performing organizations to strive for musical excellence in their performances while being adjudicated by some of the nation's finest musicians and music educators.
